

Dear Future Mission Team Member:

When one life is changed a world is changed. You and your team are about to embark on an adventure that will change many lives, including your own. We welcome you to the team of Hope of Life International.

For more than 25 years Hope of Life International has been blessed to carry out its mission of watching over the well-being of the less fortunate and reaching “the least of these” before it is too late. Our greatest desire is to continue bringing the necessary aid to our Guatemalan brothers and sisters. We seek to offer this hope through our elderly home, orphanage, rescue center, daily feedings, and numerous other ways. Every day we are working on more and better ways to offer help to those in need but we cannot do it alone. With the help of compassionate and caring individuals like you; we are able to improve and change the future of the poor and needy in Guatemala. Be part of the change!
